Templeton Reserve, Wantirna

1st Community Consultation

March – April 2016

Introduction

Knox City Council is currently undertaking to prepare a masterplan for Templeton Reserve, Wantirna to upgrade amenities and facilities for the many users of this reserve.

Consultation with community groups and individuals has taken place to gain an understanding of park users' wants and needs, to better inform the designing, master planning and upgrade works for the reserve.

Summary of findings

The pleasingly large number of responses to mailed out and online surveys (92), and good attendance at meetings indicates that the community is interested in contributing to the masterplanning process for Templeton Reserve. All the responses provided rational, reasonable and useful ideas for improving the park's facilities and condition.

In this section we note the items that were raised by many people/groups in their feedback. It was found that generally the same suggestions and feedback came from both individuals and stakeholder groups. For the full extent of responses please refer to the Stakeholder and Community Feedback sections.

The reserve is generally seen as a useful and necessary facility with **many positive aspects** including:

- The variety of facilities and opportunities for community activity;
- Its size, large open spaces and tranquillity;
- Its location, access points and being close-to-home for many park users;
- There being a playground;
- The opportunity for dogs to exercise off-lead;
- Availability of car parking;
- The amenity provided by the trees; and
- The basketball area.

The **most popular activities** the respondents use the reserve for are:

- Walking/jogging/tai chi;
- Children's play in the park and playground;
- Exercising dogs;
- Participating in and watching sports;
- Sitting and relaxing; and
- Waiting while children participate in sports.

The reserve is generally regarded to be in reasonable condition, however the main problem with the reserve's condition is seen to be the **poor quality of the playing field surface**.

Other significantly noted **negative aspects** of the reserve are:

- Lack of defined paths;
- Playground equipment needs updating, more variety, and refurbishment;
- Apparent vandalism and rubbish;
- Lack of public toilets;
- Dogs being off-lead throughout the park;
- Insufficient seating, particularly shaded or sheltered seating;
- Clubroom facilities are in a poor state;
- Lack of drinking water taps, for humans and dogs;
- Inadequate and dangerous carpark on game days
- The basketball area is too small and in poor condition;
- Lack of BBQ and picnic facilities; and
- Feeling unsafe, particularly in low light.

The most popular **suggestions for improvements** to the reserve include:

- Install a circuit path/better paths/accessibility;
- More seating / including spectator seating/ shaded seating;
- Variety/updated/extended playground;
- Improve condition of grassed oval;
- Install drinking taps/dog bowls;
- Exercise equipment;
- Improving trees/planting/shade/landscaping;
- Toilets;
- Picnic facilities/ BBQ;
- Improve access to and facilities at clubhouse;
- Extend basketball area/add netball ring/multi-sport area;
- Dog waste facilities;
- More/improved lighting;
- Stormwater harvesting/irrigation;
- More rubbish bins;
- Carpark improvements; and
- Fencing around playground.

Conflicts of interest between different park users only appear to occur for a small number of activities. These are being dogs exercising off-lead, game-day access to the reserve and the clubrooms being used for night time functions. Suggestions to mitigate or minimise the problems caused include:

- Creating dedicated and well-signed dog off-lead/on-lead areas.
- Prohibiting dog access to the oval.
- Rationalising the carpark to make manoeuvring easier.
- Providing signage and an information campaign to reduce noise from people attending and leaving events at the clubhouse.

Consultation Process

A meeting was convened at the Templeton Reserve Tennis Club House on 7th March 2016 with external (non-council) stakeholder groups who use or have an interest in the reserve.

A preliminary community site meeting was held at the reserve on 19th March 2016 at which a concept masterplan was available to be viewed.

A community survey was mailed out with the concept design to 891 residents within close proximity to the reserve.

The community survey was also available online, as was the ability to email or telephone council officers to provide feedback and suggestions.

External Stakeholder Groups Feedback

The consultation with stakeholder groups at the Templeton Tennis Club Building on March 7th 2016 was attended by Councillor Joe Cossari, representatives of Templeton Cricket Club, Templeton Orchards Preschool, Wantirna South Junior Football Club, Templeton Tennis Club, Step into Life, Council officers and consultant landscape architect.

The main topics discussed included the reserve's oval, playground, fitness stations/circuit path, carpark, disabled access, public toilets, club buildings, and tennis club.

Templeton Reserve Oval

- Poor quality surface. Unsafe. Requires improvement.
- Recommend fencing the oval.
- Acknowledged new scoreboard construction.
- Open to idea of water harvesting for irrigation. Noted that work on existing sprinklers would be required.
- Improve vehicle access to oval.
- Improve lighting.
- Concern around dogs walking on oval. Recommend designated dog off-lead areas, and no-dogs signage for oval.

Playground

- Enquired about possibility of relocating playground to more central location for ease of parental surveillance between oval and playground.
- Provide lighting to playground.
- Provide fencing to playground.
- Requested variety of play equipment for varying age groups.

Fitness Station / Circuit Path

- Provide fitness/exercise stations within the reserve.
- Provide new path along the north of oval.
- Discussion around moving cricket nets. Cricket club indicated they are best left where they are however, upgrade and improvements should be considered.

Carpark

- Create a one-way “circuit” carpark to avoid manoeuvring conflicts.
- Noted that there is insufficient car parking on game days with cars parking on garden beds, nature strips and Templeton St.
- Accessible car space doesn’t meet DDA standards.

Disabled Access

- Currently paths within the reserve do not meet DDA access requirements.
- Consider viability of accessible public toilet

Public toilets

- Currently no public toilets. Club house toilets are inappropriately set up.
- Recommend creating public toilets. Improving both male and female toilets to be comparable to other clubs and allow/encourage opportunities for community events.
- Requested public accessibility to potable water.

Club buildings

- Strong desire/need to have club facilities improved to maintain sports club members and encourage community activity.
- Paths and access need to be improved.
- Shaded balcony/viewing area design was presented by club member.
- Existing steps at front of building considered dangerous.
- Garden beds and landscaping around building needs improvement to improve visibility.
- Request for shade structure and BBQ.
- Clean up dumped fill from north east area.

Templeton Tennis Club

- Desire to build two new tennis courts due to increased membership. Possibly to south-west of existing courts.
- Discussion around creating some hardcourt multi-use courts from existing courts. Tennis club is not keen as the hard surface is more stressful for knees, joint and feet, considering senior members of the tennis club.

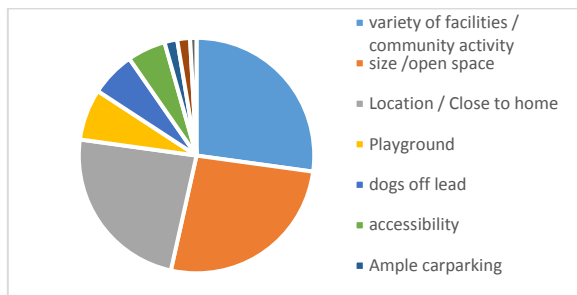

Individual Community Feedback

Questionnaires were distributed to residents surrounding Templeton Reserve. 89 responses were received. Additionally 3 emails and one phone call were also received resulting in a total of 93 responses. This impressive number of responses indicates that the local community frequently uses and is very interested in the future of Templeton Reserve.

Following are the quantified responses received to the questionnaire, and inclusion of feedback provided by email and telephone.

1 What do you like most about Templeton Reserve

Variety of facilities / community activity	31
Size /open space	30
Location / Close to home	27
Playground	8
Dogs off lead	7
Accessibility	6
Ample car parking	2
Trees	1
Basketball area	2

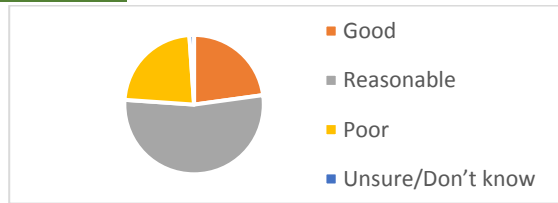

2 What activities do you use the reserve for

Walking/jogging/tai chi	64
Playground/Children's play	55
Exercising dogs	42
Place to sit and relax	39
Watching sports	32
Participating in tennis	21
Participating in football	15
Participating in cricket	15
Waiting while child plays football	15
Waiting while child plays cricket	12
Waiting while child plays tennis	11
Picnics	9
Walk to shops	9
Walk to school	7
Basketball practice	3
I do not visit the reserve	2

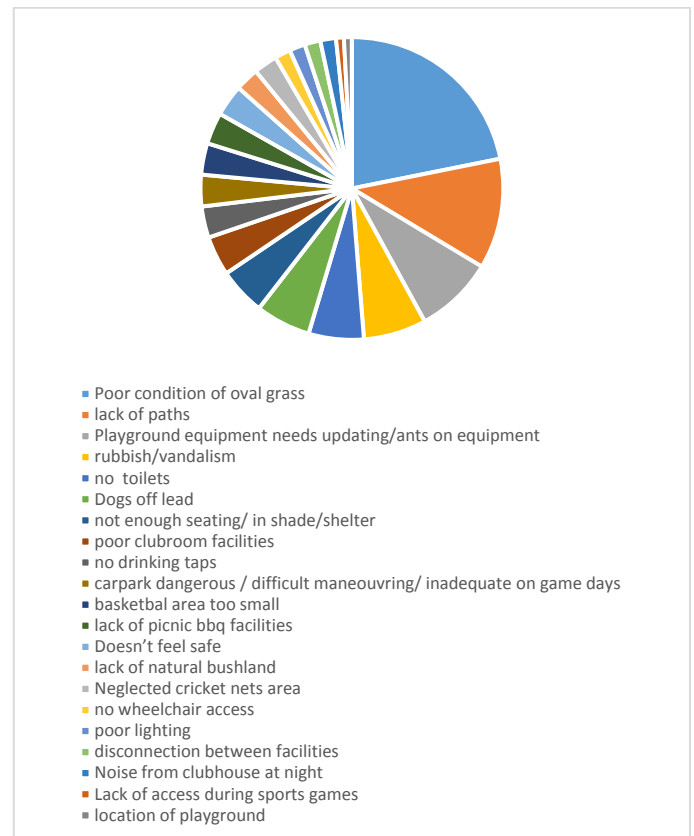

3 How do you rate the general quality and condition of the reserve

Excellent	0
Good	21
Reasonable	49
Poor	21
Unsure/Don't know	1

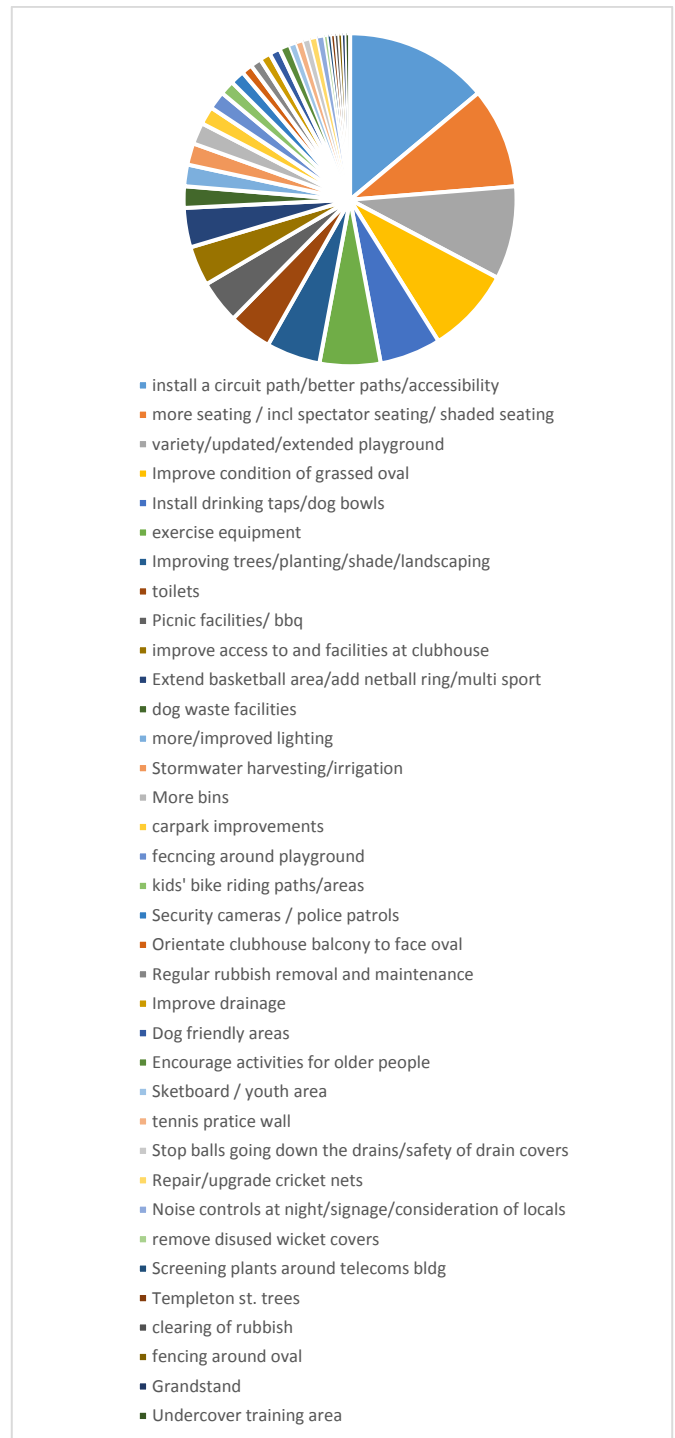

4 What do you least like about the reserve

Poor condition of oval grass	26
Lack of paths	14
Playground equipment needs updating/ants on equipment	10
Rubbish/vandalism	8
No toilets	7
Dogs off lead	7
Not enough seating/ in shade/shelter	6
Poor clubroom facilities	5
No drinking taps	4
Carpark dangerous/inadequate on game days	4
Basketball area too small	4
Lack of picnic bbq facilities	4
Doesn't feel safe	4
Lack of natural bushland	3
Neglected cricket nets area	3
No wheelchair access	2
Poor lighting	2
Disconnection between facilities	2
Noise from clubhouse at night	2
Lack of access during sports games	1
Location of playground	1

5 Suggestions for improvement

Install a circuit path/better paths/accessibility	40
More seating / incl. spectator seating/ shaded seating	28
Variety/updated/extended playground	26
Improve condition of grassed oval	24
Install drinking taps/dog bowls	17
Exercise equipment	17
Improving trees/planting/shade/landscaping	15
Toilets	12
Picnic facilities/ BBQ	12
Improve access to and facilities at clubhouse	11
Extend basketball area/add netball ring/multi-sport	11
Dog waste facilities	6
More/improved lighting	6
Stormwater harvesting/irrigation	6
More bins	6
Carpark improvements	5
Fencing around playground	5
Kids' bike riding paths/areas	4
Security cameras / police patrols	4
Orientate clubhouse balcony to face oval	3
Regular rubbish removal and maintenance	3
Improve drainage	3
Dog friendly areas	3
Encourage activities for older people	3
Skateboard / youth area	2
Tennis practice wall	2
Stop balls going down the drains/safety of drain covers	2
Repair/upgrade cricket nets	2
Noise controls at night/signage/consideration of locals	2
remove disused wicket covers	1
Screening plants around communication towers	1
Templeton St. trees	1
Clearing of rubbish	1
Fencing around oval	1
Grandstand	1
Undercover training area	1

What next?

Based on the feedback and suggestions received, the concept masterplan for Templeton Reserve will be further developed.

The draft master plan will then be presented for further community feedback and suggestions. Any required revisions will be undertaken before detailed design and documentation is prepared for a first stage of works.

Templeton Reserve, Wantirna

2nd Community Consultation

May-June 2016

Introduction

Knox City Council is currently preparing a masterplan for Templeton Reserve, Wantirna to upgrade amenities and facilities for the many users of this reserve.

Taking into consideration the first round of community consultation a draft masterplan was prepared addressing park users' wants and needs.

A second round of community consultation was undertaken to review the draft masterplan.

Summary of findings

38 individual written responses were received responding to the draft masterplan (May 2016).

The responses were overwhelmingly positive noting that most people's requests and suggestions had been addressed in the draft masterplan. Many respondents noted that there is nothing they would change about the masterplan. A variety of suggestions were made for minor variations and additions to the plan. Some of the suggestions had already been addressed, but may have been unclear or missed when perusing the documents.

One response noted that "you have no intention of reading or taking notice of a comments you will do what you want anyway".

The sporting clubs associated with the reserve also provided some further suggestions which are being considered and incorporated where possible.

Consultation Process

Copies of the draft masterplan and the community survey were posted to residents surrounding the reserve and the clubs that use the reserve.

A community site meeting was held at the reserve on 4th June 2016 at which the draft masterplan was available to be viewed and staff were available to answer queries.

A meeting was held with the sporting clubs to receive their feedback and suggestions.

The community survey was also available online, as was the ability to email or telephone council officers to provide feedback and suggestions.

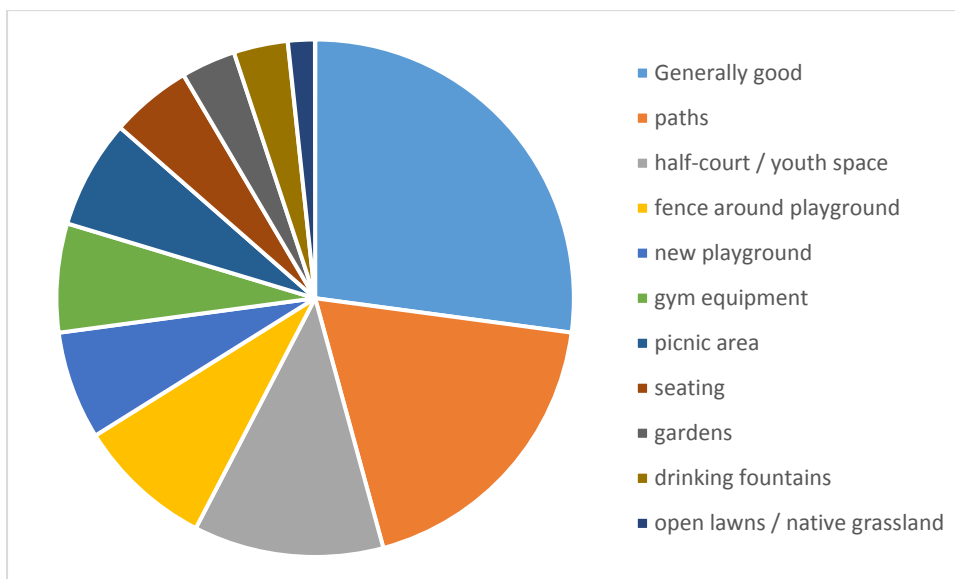

Individual Community Feedback

Questionnaires were distributed to residents surrounding Templeton Reserve. 38 responses were received.

Following are the quantified responses received to the questionnaire. No responses were received via phone or email.

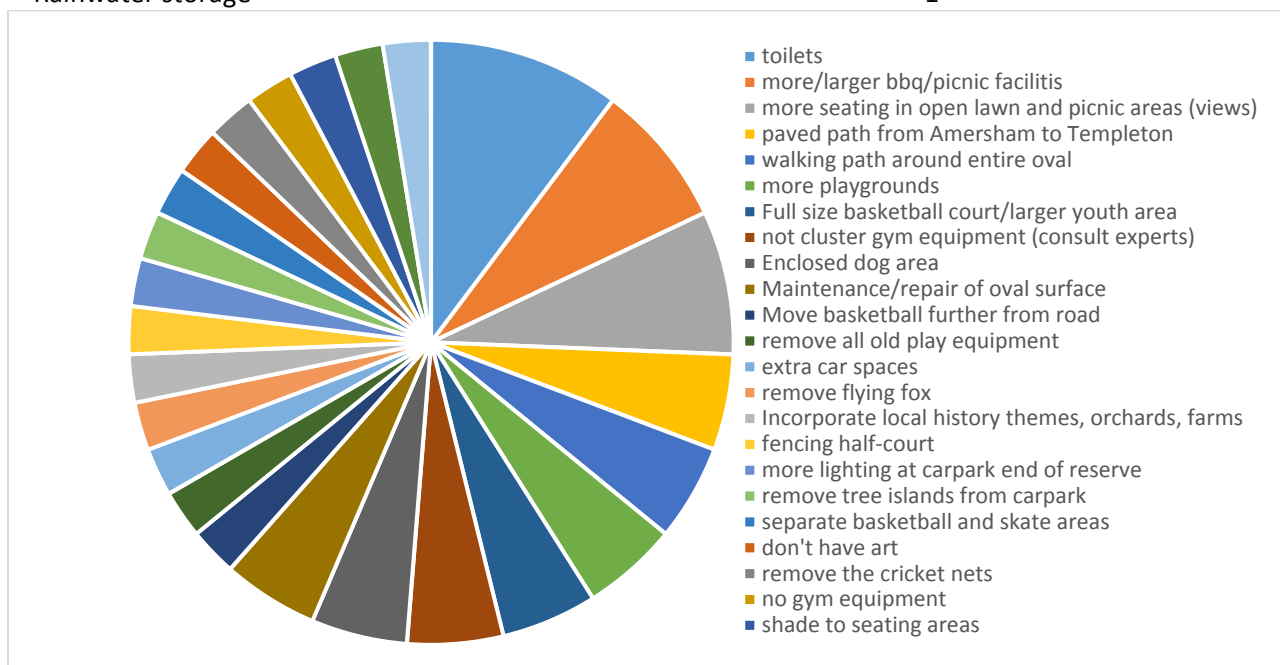

1 What do you like about the draft masterplan?

Generally good	16
Paths	11
Half-court / youth space	7
Fence around playground	5
New playground	4
Gym equipment	4
Picnic area	4
Seating	3
Gardens	2
Drinking fountains	2
Open lawns / native grassland	1

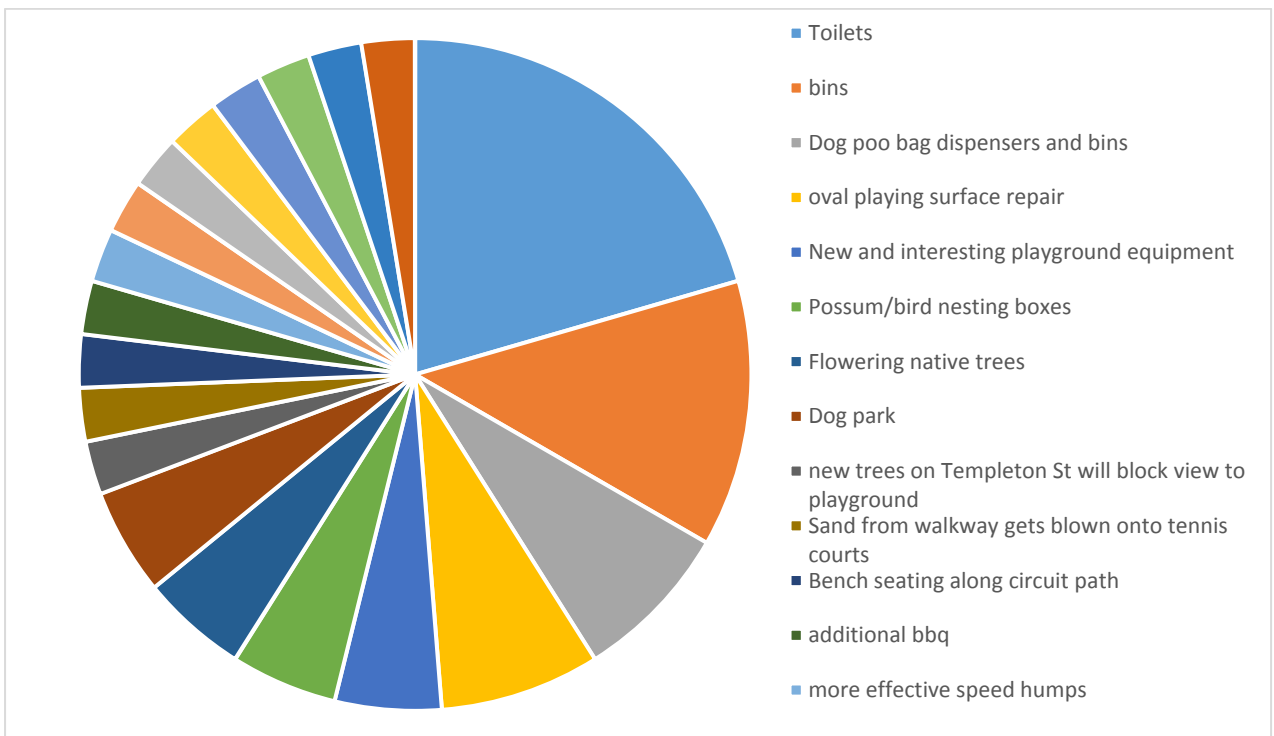

2 What would you do differently to the masterplan?

Toilets	4
More/larger bbq/picnic facilities	3
More seating in open lawn and picnic areas (views)	3
Paved path from Amersham to Templeton	2
Walking path around entire oval	2
More playgrounds	2
Full size basketball court/larger youth area	2
Not cluster gym equipment (consult experts)	2
Enclosed dog area	2
Maintenance/repair of oval surface	2
Move basketball further from road	1
Remove all old play equipment	1
Extra car spaces	1
Remove flying fox	1
Incorporate local history themes, orchards, farms	1
Fencing half-court	1
More lighting at carpark end of reserve	1
Remove tree islands from carpark	1
Separate basketball and skate areas	1
Don't have art	1
Remove the cricket nets	1
No gym equipment	1
Shade to seating areas	1
More maintenance	1
Rainwater storage	1

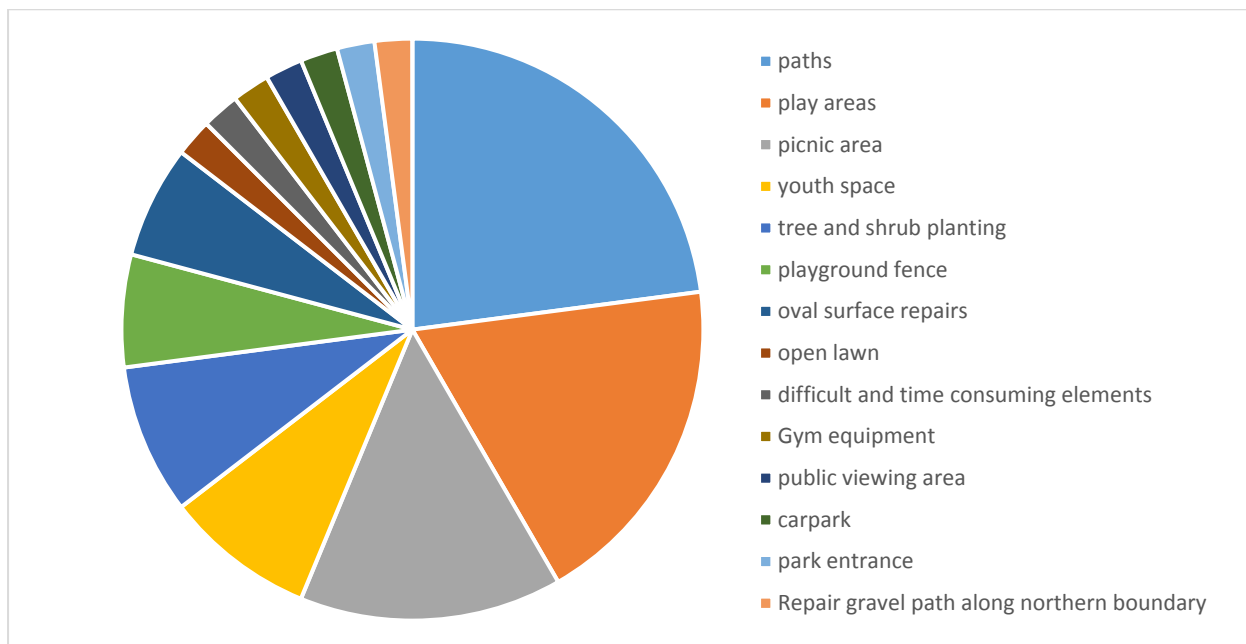

3 Is there anything we have not considered?

Toilets	8
Bins	5
Dog poo bag dispensers and bins	3
Oval playing surface repair	3
New and interesting playground equipment	2
Possum/bird nesting boxes	2
Flowering native trees	2
Dog park	2
New trees on Templeton St will block view to playground	1
Sand from walkway gets blown onto tennis courts	1
Bench seating along circuit path	1
Additional BBQ	1
More effective speed humps	1
Planting to the Barmah drive entrance	1
Distance of scoreboard from spectators	1
Width of paths sufficient for all users	1
Small golf driving range	1
Steep gradient of drive off Templeton St. Cars bottom-out	1
Table tennis facilities	1
New trees adjacent to backyards should be deciduous	1

4 What do you think Council should build first

Paths	11
Play areas	9
Picnic area	7
Youth space	4
Tree and shrub planting	4
Playground fence	3
Oval surface repairs	3
Open lawn	1
Difficult and time consuming elements	1
Gym equipment	1
Public viewing area	1
Car park	1
Park entrance	1
Repair gravel path along northern boundary	1

Group/sports clubs' Feedback

- Football Club has suggested to build a new picnic area near the warm up areas behind the tennis courts and behind the couches boxes.
- Clubs have wanted to have fully enclosed playground and rubbish bins located around the play and picnic area.
- Clubs have suggested installation of more rubbish bins around the reserve.
- Requirement for the emergency access to the oval during the games was mentioned by Clubs.
- It was mentioned that lighting is required along the internal paths to improve safe accessibility.

- Cricket Club has raised their concerns for the coaches' boxes and shelter area as there are night time activities by youth. They have mentioned that they spotted broken glasses and needles around the area.
- Clubs have raised their concerns about safety issues during the night time around the adjacent properties. They have suggested that installation of CCTV cameras would be a potential solution. Council has agreed on contacting Council's Safety Officer to discuss further.
- Cricket Club has suggested installation of a fence around the oval to prevent balls rolling across to surrounding areas.

What next?

Based on the feedback and suggestions received, the draft master plan for Templeton Reserve has had some changes made to it.

The first stage of works is being considered and will be documented in 2016.

getting your comments back to us

If you would like to provide any comments on the proposed works, you can do so by visiting the Knox Council website knox.vic.gov.au and following the links to our Parks and Reserves page, or alternatively:

Hearing and Speech Impaired

Knox City Council is Relay Service Friendly.

If you are deaf, or have a hearing or speech impairment, contact Council through the National Relay Service (NRS) website.

Give the number 03 9298 8000 you want to call. For more information, visit relayservice.gov.au.

Translating and Interpreting Service (TIS)

You can access immediate telephone interpreting services through TIS National by calling 131 450.

where to from here?

Following review of your feedback, a draft masterplan will be produced to guide improvements to the park. We will seek your feedback on the draft masterplan prior to it being finalised.

Find out what's happening at Templeton Reserve, Wantirna, and how you can be involved in planning for the future of this community space.

The Masterplanning Process...

Work has begun on a Masterplan for Templeton Reserve in Wantirna but Council would like your thoughts to help finalise the opportunities for the final design of this Park.

Council is looking at ways to improve the park and invites you to share your thoughts on the preliminary investigations and participate in the design for the Templeton Reserve Masterplan.

When complete, Templeton Reserve will be a place that:

- Is a vibrant, active and an open public space which encourages community activities.
- Has better connections between the various areas within the park.
- Provides additional facilities for youth and family oriented activity.
- Is more attractive and more inclusive.

Have Your Say

Free hot drink & Plant voucher

Come along to the onsite community feedback session at Templeton Reserve.

When?

Anytime between 11.30am - 12.30pm on Saturday 19 March 2016.

Where?

Near the tennis club pavilion at Templeton Reserve, Wantirna.

Why?

To talk to Council representatives about the project and share your thoughts.

As a thank you for attending the first 50 participants will receive a voucher for a free indigenous plant. (The voucher can be redeemed at Knox Environment Society Nursery 1010 Burwood Highway, Ferntree Gully (opposite the Ferntree Gully Library))

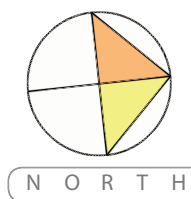

1. Opportunity to provide new circulation paths, including new seating. Provide a circuit track around the oval for walking and jogging.
2. Potential to enhance the area for passive recreation with additional tree planting for shade to create separation from the tennis courts while maintaining open space. Possible provision of exercise stations.
3. Existing trees to be retained. Potential to enhance the bush character with new mulched beds under trees and additional planting.
4. Location of existing basketball ring. Potential activity area with new multi-sport surface and seating. Opportunity to create a connection to the area with pine trees for informal nature based play, including rocks and logs.
5. Investigate possible stormwater harvesting from existing drainage infrastructure.
6. Existing lawn area used for fitness classes. Potential to improve pedestrian access through this space. Possible additional planting to create separation of the park from the road and install new bollards match existing.
7. Existing playground. Potential to rejuvenate some of the existing structures and add new equipment, to cater for a wider range of age groups.
8. Potential picnic shelter with BBQs, picnic tables and a drinking fountain. Opportunity for more nature based play elements, including logs, rocks and a terraced amphitheater. Improve connection between Templeton Orchards Children's Centre and the play area.
9. Opportunity to expand the play space with some new play equipment, such as, a climbing frame or basket swings.
10. Opportunity to improve car park circulation, and provide wheelchair accessible spaces.
11. Opportunity to improve access to the club house building that accommodates tennis, football and cricket clubs. This may include new stairs and ramped paths. Potential to rejuvenate landscape around buildings with new seating.
12. Existing spectator terrace. Potential to enhance this area with additional seating in shade of existing trees, additional gravel pavement, additional rock-work and more tree planting for shade.

what's next?

We value your thoughts reaching us by close of business on **17 June 2016**. We will use your feedback to finalise the Masterplan and will present the plan to Council for consideration prior to construction. Construction will be carried out in stages based on available budget.

Picnic shelter

Nature play elements

Outdoor gym equipment

Basketball half-court

the Masterplanning process...

A few months ago Council asked the Knox community what they wanted to have at Templeton Reserve. Council received many great ideas, suggestions and comments and has been working on a Masterplan with the aim of creating a better space for your enjoyment.

thank you for your input

A broad cross-section of the community expressed how they saw the future of Templeton Reserve. The feedback was to create a safe connected multi-use park that connects the playground, club facilities and sports fields and is easy to access and walk through.

draft Masterplan

With this in mind a Draft Masterplan has been prepared that includes the following facilities and experiences.

- Upgrade the existing playground to offer a wider range of play opportunities including adventure play for older kids;
- Install a new picnic shelter and BBQ facilities;
- Create a youth oriented space with basketball half-court and skateable elements;
- Provision of outdoor gym equipment for all ages;
- Path improvements within the Reserve and new circuit paths;
- Provide more shaded seating areas, and
- Install drinking taps with dog bowls.

Please see the Draft Masterplan over the page.
