Notice of Motion No.135

Mountain Highway, The Basin (Wicks Road to Claremont Avenue) Footpath Design

I hereby give notice that it is my intention to move at the Council Meeting on 26 June 2023 the following motion.

That Council receive a report to a Council meeting by November 2023, unless deferred to a later date in consultation with the Mayor but in time to inform the 2024/25 Budget process, that:

1. Identifies options for proceeding with the next stage of footpath works along Mountain Hwy between Wicks Rd and Claremont Ave;
2. Includes results of community consultation;
3. Investigates any potential funding streams through State Government given the inherent safety issues of a lack of pedestrian access along a busy major arterial.
