

Attachment 2
Public Road Register

The Public Road Register is presented in five tables as set out below.

Table 1 – Public Roads

A listing of Public Roads for which Knox City Council is both the Coordinating and Responsible Road Authority as defined under the Act. This excludes road reserves with no constructed vehicular or pedestrian access. The table includes roads for which Knox has entered into a Boundary Agreement as defined in **Attachment 6**.

Table 2 – Public Roads (Knox City Council – Responsible Authority Only)

Public Roads for which Knox City Council is the sole responsible road authority under agreement with a coordinating road authority. This includes service roads adjacent to VicRoads roads.

Table 3 – Non-Arterial Parking

Parking areas along urban and non-urban arterial roads for which VicRoads is deemed to be the coordinating road authority but which are not available for through traffic as defined under Section 10.3 of the Road Management Act (2004) Code of Practice – Operational Responsibility for Public Roads.

Table 4 – Footpaths/ Shared Paths along Urban and Non-Urban Arterial Roads

Footpaths/ shared paths within road reserves along urban and non-urban arterial roads for which VicRoads is deemed to be the Coordinating Road Authority.

Table 5 – Roadside Areas along Urban Arterial Roads

Roadside areas including outer separators along urban arterial roads for which VicRoads is deemed to be the Coordinating Road Authority (Refer **Attachment 7- VicRoads Demarcation & Operational Agreement** and **Attachment 8 – Ministerial Code of Practice 1 – “Operational Responsibility for Public Roads”**).

Note: Council has also identified asset categories which do not require inclusion on the Public Road Register, but whose management functions align with the principles of the Road Management Act, 2004. These assets are listed below and recorded in Council’s Asset Register.

- ❖ Footpaths on Council land but not located within a road reserve;
- ❖ Shared paths through recreational, drainage and linear reserves;
- ❖ Roads and Carparks on Council land but not located within a road reserve;
- ❖ Road reserves with no constructed vehicular or pedestrian access;
- ❖ Footpaths on private land, outside the boundaries of the road reserve, which are freely available for use by the public as a walkway and which form part of the overall footpath network.

KNOX CITY COUNCIL PUBLIC ROAD REGISTER

TABLE 1 - Public Roads

Responsible Authority: Knox City Council

Coordinating Authority: Knox City Council
