Open for Inspection/Auction signs

A permit is required for 'open for inspection' and 'auction' signs placed in a Public Place. When considering an application the following criteria are to be taken into account:

- Portable free standing (e.g. A-frame) signs only are permitted and are not to exceed 900mm in height or 600mm in width
- No other forms of temporary open for inspections or auction signs are permitted on public land, including signage secured into public assets (i.e. staked into the ground).

Signs can be displayed only on the day that the property is open for inspection or for auction and are to be removed within one hour of completion of the open for inspection or completion of auction.

- The period of time of the open for inspection/auction must be displayed on the sign.
- Only three signs are permitted per property.
- Signs may be placed in the following positions:
 - One sign on the nature strip at each end of the roadway in which the property open for inspection is located; and

- One sign between the front boundary of the property open for inspection and the adjacent kerb signs shall only be placed in positions that do not hinder or endanger the safety of the public.
- Any signs placed on the property (by way of example, but not limited to, a banner or flag) does not require a Local Law permit however they must not obstruct the footpath or hinder or endanger the safety of the public.
