Notice of Motion No. 109

Activity Centre Building Design Quality

I hereby give notice that it is my intention to move at the Ordinary Meeting of Council on 21 September 2020 the following motion.

That Council:

Acknowledge its investment over the years to improve building design in activity centres through preparing plans and strategies and the convening of the Knox Design and Development Excellence Awards; that a report be provided to the February 2021 Ordinary Meeting advising if it is possible to make it mandatory for apartment, townhouse and commercial developments within activity centres to be designed by a registered architect to help facilitate better design outcomes. If this is possible, the report should address how this may be achieved (for example via the planning scheme or any other mechanism) or if not possible, identify other options Council could consider to facilitate better design outcomes.
