

# Lewis Park Masterplan – Community Update

Stage One of the project aims to enhance the existing amenity of Lewis Park by creating increased interaction with the waterway, enhanced connectivity, biodiversity and flexible open spaces.

## What's been happening

- Site level survey
- Locating services (pipes/pits/cables)
- Geotechnical soil assessment
- Biodiversity assessment
- Cultural heritage assessment
- Flood mapping/modelling
- Refinement and further design of Lewis Park Masterplan
